

Our dental team is committed to providing and maintaining the highest quality oral care service according to your personal needs.

Dear New Patient:

A warm welcome to you. Our entire staff would like to thank you for selecting our office to care for your prosthodontic needs.

Our goal is to provide each patient with the highest quality prosthodontic care in a gentle, efficient, and pleasant manner. We strongly encourage preventive recall appointments to intercept future prosthodontic problems, as best we can.

The first visit will include a thorough examination and the necessary x-rays to develop a proper diagnosis of your needs. Please inform our office of any special medical needs (**pre-medications, artificial joints, heart problems, autoimmune disorders etc.**) An appointment for discussion of your prosthodontic treatment plan may be scheduled at a future date. Treatment plan fees will be discussed at this appointment.

Our staff is looking forward to meeting you! **Please let us know 48 hours in advance if any appointment cannot be kept, as this time has been set aside especially for you.**

Our initial exam fee ranges from \$250-\$900 and possibly higher. If your referring dentist has current x-rays, please make sure their office emails them to us in a JPEG format. We still may need to make additional x-rays.
